

GUARDAIR®

QuickSelect™ Tool Rack

QuickSelect Tool Rack

Part Number: 200A70 (Shown)

Keep your favorite tools within easy reach with the Guardair QuickSelect Tool Rack. Organize your shop and avoid searching through drawers, or piles of clutter for that special tool.

Made from heavy-duty aluminum, the QuickSelect features an array of slots and holes sized to accommodate most popular tools, such as Allen wrenches, dead blow hammers, screwdrivers, and safety air guns. Also included is a plastic bushing for storing sensitive instruments such as tool holders or gauges, making the QuickSelect the perfect accessory for CNC machining centers.

Choose from two versions -- with eight holes for custom mounting, or with dual, high-strength magnets for quick mounting on steel surfaces. The QuickSelect presents a slim profile without intruding into active workspaces.

KEY FEATURES

- Durable, 1/8" aluminum construction
- 15 holes and slots sized for the most popular tools
- 1 3/4" diameter hole with removable plastic bushing
- Multiple mounting options
- Magnets provide 190 lbs. axial holding force
- 12" L x 5" W x 4" H
